EDITORIAL...

Philately like everything else in life is a struggle, but the Federation is flying high and after our recent ZOOM meeting on the 5th August we are looking stronger and certainly with the responses I have received so far, it was very much a success. We will in February 2022 be having a follow-up meeting to see where we are and how if needed the Federation can help and 2022 can only be a better year. With my editors hat on, may I ask the following:

1. Please send me articles, reviews, etc that I can use in the Bulletin as you can see this issue has only 2 articles. Yes, a sign of the times due to COVID but I hope you can reverse this.
2. Send me ANY advertising you wish to put in the bulletin for a special club/society event, Auctions etc. If you can send a flyer that would be better like the one for HAMPEX contained in this issue as it has ALL the information people need if they are thinking of attending and remember as of 2021 we have 680+ members.
3. I am looking at ways of advertising the Federation & Clubs/ Society's affiliated and see what advertising avenues that are available to us to try and entice more members, the younger the better and those coming up to retirement age and want to come back into collecting.

So watch these pages as it is now full steam ahead and we need to be like a phoenix rising from the ashes out of COVID.

The Hampshire Philatelic Federation

A Message from the President.

Dear Fellow Collectors

This past year or so has possibly been the worst time that many of us have ever experienced, leaving us with many sad memories, many of us losing some family and friends; this obviously leaves many of us a little apprehensive to get back to some sort of normality. But as many of you will know that your Federation has decided to take the plunge and hold our Federation Convention "Hampex" next September 25th, this will obviously depend on Government rules, but we have 22 dealers all booked in and we are naturally looking forward very much to meeting up and "Stamping" once again.

But, and there is always a but, your Federation Council are in urgent need of help, your help, as we have lost two members of council, one as many of you know, to COVID and another is moving up to York to be nearer family.

So this is very much a plea for help, this is your chance to put something back into this wonderful hobby of ours, and boy has this been a savior to many of us during the long period of lock down.

Please bring this to the attention of your members as having been involved in the Hants Federation for the past 38 years and having watched it grow into the flagship of philately in Hampshire, respected by all within our hobby, I believe, as I am sure you will agree it would be a tragedy if our Federation had to close.

If you would like to talk anything over do please contact me on 01425 474310.

Our Federation's future depends on you, do please think it over.

Colin Mount FRPSL...

MAGAZINE REVIEWS.

I have decided to introduce a review section of magazines published by Federation Members and over the past 4 months I have received the following 5 issues:

Farnborough Stamp & Postcard Club - Keeping in Touch - No. 7 2021. This contained an item on Army Field Service Postcards, An interview with.....Me!!!!!! Chris Wrights interesting item on the Birmingham Railway Air Mail and more...

Petersfield Philatelist No. 29 (2021) - An interesting article on India - Early Issues & Provisionals by (P.M), A Hole New Approach, and much more.

Ringwood Philatelic Society - Unhinged - No. 5 June 2021 - Stamp of the month, France 1849 Ceres 1franc vermilion, Society News, Book Corner and a whole lot more.

Southampton & District Philatelic Society - Postmark - No. 150 Summer 2021 - Email & printed versions available - Full colour - 28 Pages. Society News, Winter/Spring ZOOM presentations, Member Profiles, Private Armies, Universal Private Telegraph Co. Ltd, Chinese New Year, The 1939 Challenger Flying Boat Crash, Southampton Post Office (1609-1900) and the Postal History of the Solent.

Thatcham & District Philatelic Society - The Thatcham Postmark - July News Sheet No 1 (2021) - 7 Pages - Society News, Royal Mail's stamp Schedule for the year 2021. information of stamps events around the country and more.

This is just a short report on the newsletters as all secretaries have received PDF versions to circulate to all their members that they email addresses for. Please keep up the good work and if you do not do one now, then why not think of putting one together even if it is just 1 page or maybe two.

RINGWOOD PHILATELIC SOCIETY NEWS.

The May RPS Zoom Meeting was a most enjoyable event - Sue Burn presented a superb display on 'Flying Boats Across the Tasman Sea'. Superb?? This was exceptional....in terms of historical and geographic scope, philatelic scarcity, quality of display and presentation. What appears to be a narrow subject title, is in fact a major and eloquent study on the huge subject of the development of early flying boat services from England and reaching down via India to Australia and New Zealand. It includes much photographic documentation of plans and resulting planes and their pilots. Numerous maps support the development of the narrative as do flight memorabilia such as timetables, advertising, flight and baggage tickets, covers and postmarks, postcards and handwritten letters, notes and press releases. To quote Sue, 'This talk covers the introduction and use of the Short Bros flying boats, in particular focusing on the route to New Zealand and the crossing of the Tasman Sea.' And to quote pilot/adventurer Kingsford Smith 1928....this is 'the most difficult and dangerous crossing in the world'. The presentation is in five sections, 1928 The First Crossing of the Tasman, 1933-36 Setting the Scene - Mail Contracts, 1937 - 39 Empire Airmail Scheme, 1939 - 45 War Time Services and 1945 - Post War Services. Rather than read these impoverished notes, do contact the presenter Sue Burn via RPS for information regarding her next display of such magnificent material.

You have missed an absolute gem!!!

Monthly meetings of RPS are planned for Greyfriars, through to 2022.

GALLOPING ON THE HOOF.

Is it something to do with age or is it a matter of ‘Why did I buy that?’. Well, at a recent Southampton and District Philatelic Society Auction I saw a lot which for its price and what it contained would add to my German collection and so I thought why not. When the bids finished I had bought it for £22.00... I was happy to win it for the price but what was I going to do with the rest once I had taken out what I wanted?... A thematic collection on Horse Racing!!! So I decided to look at the wider area and searched for Horse Racing stamps on a well known auction website and was surprised at the number of stamps there are. This is a collection that can grow and I hope that there Thematic dealers out there (Or maybe at HAMPEX 2021) that may be able to help. This is a collection that could gallop away if I am not careful. But if I take a steady trot and just build on it slowly then who knows how when I will cross the winning post but I will have to go careful. We all know Red Rum the winner of the Grand National & the Scottish Grand National 4 times. Then there is Shergar, Desert Orchid, Arkle and of course there is BRIGADIER GERARD... What else can I say.

I have put together the following sheets using the Great Britain issue from 2017 - Racehorse Legends just as an introduction to the world of Horse Racing. But of course there is another form of ‘Horse Racing’ that yes, has 4 legs but also 2 wheels?

Harness racing is a form of horse racing in which the horses race at a specific gait (a trot or a pace). They usually pull a two-wheeled cart called a sulky, or spider, occupied by a driver. In Europe, and less frequently in Australia and New Zealand, races with jockeys riding directly on saddled trotters (*trot monté* in French) are also conducted.

Dear Philatelist,

Please find below information regarding two of the first overseas post-COVID exhibitions to be held in 2022. This is a great opportunity to enter at international level and both exhibitions are being covered by UK Commissioners. The ABPS has been kind enough to help us to send out this note to try to restart UK post-COVID exhibiting overseas next year.

If you would like to enter, please let the appropriate Commissioner know, and if not, we would be most grateful if you could please pass these opportunities on to others.

With thanks, **Frank Walton and Chris King.**

HELVETIA 2022, Padiglione Conza Convention Centre, Lugano, Switzerland. 18 - 22 May 2022.

The first Swiss international exhibition for more than fifty years will be held in beautiful Lugano next to its eponymous lake in the Canton of Ticino. This is a specialised world stamp exhibition, with FIP Patronage and FEPA Recognition, organised by the Swiss Federation of Philatelic Societies in cooperation with the Philatelic Society of Lugano.

It will be held at Padiglione Conza, Lugano's fairground and convention centre, which has space for approximately 2000 exhibition frames. The competition classes will be: World Stamp Championship, Traditional, Postal History, Postal Stationery, Aerophilately, Thematic, Literature, and One Frame.

The AIJP (Association Internationale des Journalistes Philatéliques) and AEP (Académie Européenne de Philatélie) have also granted patronage to HELVETIA 2022.

Fine wines, good food, a stunning setting, and just over an hour by train from Milan, makes it well worth a short break to include the exhibition.

Closing Date: 5 October 2021 Please note that the deadline has now been extended to allow exhibitors at STAMPEX Autumn 2021 to qualify for entry of exhibits to HELVETIA 2022.

Forms to UK Commissioner: Qualifying entries from Autumn Stampex September - October 2 will be eligible. For entry forms and IREX see <https://www.helvetia2022.ch/en/irex-and-application>.
